

40th FCBM Conference
16-18 December 2011
Hotel Crowne Plaza, Rohini,
New Delhi – India

September 10, 2011

Dear Friends,

You are aware, 40th FCBM Conference, comprising the twin events – **CorruMeet 2011** and **CorruExpo 2011** will take off on 16th December 2011, at Hotel Crown Plaza, Rohini, New Delhi.

We, the Team NICMA, are eagerly looking forward to welcome you all at Delhi. It's the time of year when we all, in the Industry, get together, to exchange notes and enlighten ourselves at the technical sessions, with pertinent knowledge. The Team NICMA shall endeavor to put together the best event, ever!

The **CorruMeet 2011** will have 5 Technical Sessions revolving around the Theme '**Evolving Technologies, Industry Perspective**', structured on the **5M Concept – Man, Machine, Material, Method & Marketing**.

The insight into **5Ms**, elaborated by eminent experts during the sessions, will leave a lasting imprint on our mind and will hopefully transform our thought process, that will make us run our business professionally and more profitably. I am sure we will all benefit from these enlightening presentations and interactive sessions.

CorruExpo 2011, the Table Top Exhibition, will offer a platform to all connected with the Industry, local as well as global, to showcase new services & technologies, machines, materials and methods, to the eager & willing progressive Indian box makers.

The twin events will thus be a showcase of '**Evolving Technologies**' and the '**Industry Perspective**' on how these technologies can really benefit our business. Let us together chart out a road map for the future growth of our industry at the **CorruMeet 2011**.

The climate in Delhi during December is pleasant and enjoyable. Team NICMA has planned entertaining cultural programmes that will make the evenings, melodious and memorable.

December 16,17,18 will prove to be the three most important and profitable days in the Calendar for all of us.

Besides, your participation will enhance fellowship amongst the global corrugated packaging fraternity. I am quite certain that you will go back an enriched person, in terms of knowledge and relationships.

It is indeed an honour and privilege for me, to extend a cordial invitation to you, to the CorruMeet 2011.

Come... enjoy our hospitality and enrich your knowledge, through active participation in the proceedings.

Let me assure you that Team NICMA shall go an extra mile, to make your stay comfortable and memorable.

Looking forward to your presence at Delhi.

Yours truly,

Harish Madan
